Total admin funding claimed by WC&CC up to 31.08.2021 was €48,288.31, leaving a balance of €2,590.69 available to claim.

The total funding available may go up or down, dependent mainly on whether there are further Food and Cooperation projects applied for or if the funding approved, to date, is not drawn down in full.

You will notice that WLP's administration funding claims will increase in the coming months, mainly due to additional staff that will be employed shortly.
